### School Drop off - Polite reminder

We still have a number of children arriving earlier than their class drop off time. The times are staggered to help keep classes separate which we practice throughout the school day. Please try to keep to your child's drop off time. Thank you for your continued co-operation.

### Wellbeing Tip: Keep active

Scientists have discovered that exercise makes you feel good. It can be anything from walking, football, running to yoga and cycling – whatever you enjoy!

## **E-safety tip:**

When gaming or communicating with friends online remember not to give out personal information - it is personal for a reason. If you ever feel worried or unsafe tell a trusted adult.

**This week was Anti-Bullying week:** The week started with odd sock day. This was to let all the children know it was okay to be different. Throughout the week the children have been looking at what bullying is and what the effects of bullying are. In Key Stage 1, the children read *The Colour Monster*. This gave them an understanding of how colours relate to feelings and that it was okay to be happy, sad, and sometimes confused. In Key Stage 2, the children looked at the dynamics of bullying and how they could deal with these difficult situations. All the children then contributed to a school display by colouring or designing a jigsaw piece. The week has been a great success!
